PIÈCES *DE* CHAMBRE

LES MOIS

MICOLUCIO

Les indications de « dynamique expressif » relèvent de la discrétion du chef d'orchestre ; les nuances notées doivent être comprises comme des suggestions plutôt que des prescriptions strictes, permettant ainsi une interprétation individuelle de l' œuvre. Dans les passages d'une difficulté extrême, l'omission ponctuelle de certaines notes peut être envisagée, bien que cela demeure peu recommandé, ou ces traits peuvent être répartis entre un plus grand nombre d'instruments afin d'en faciliter l'exécution.
